

# Resetting an Administrators Password

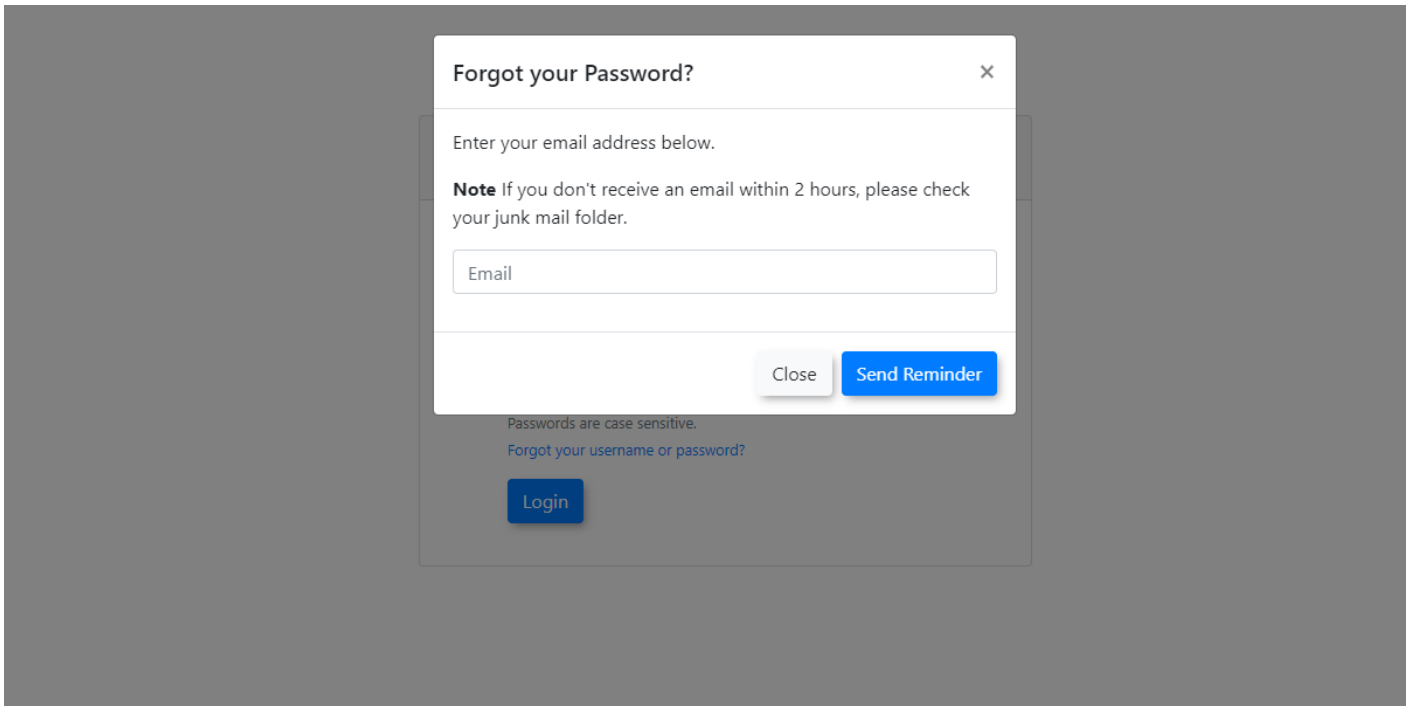

## Resetting a Forgotten Admin Password

From the Admin Login page click on **Forgot your Username or Password** to begin the process.

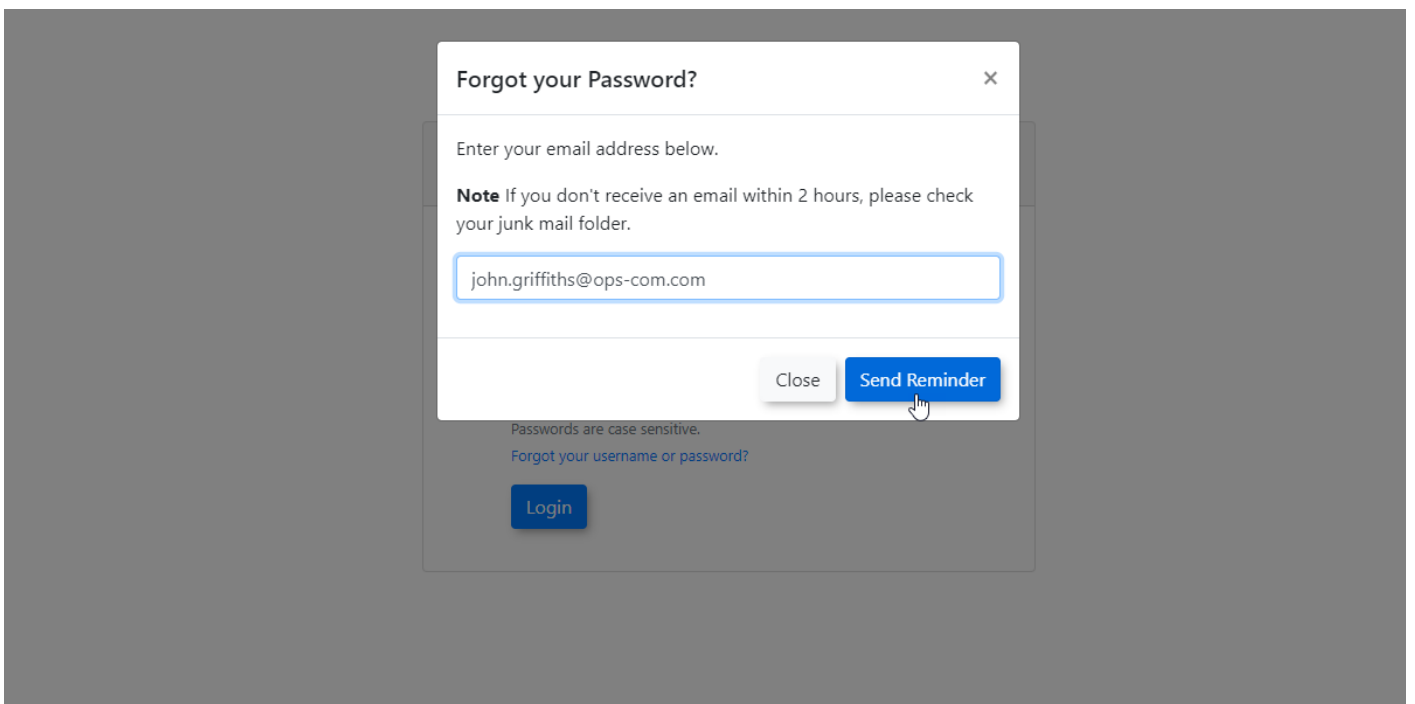

The screenshot shows the OperationsCommander Admin Login interface. At the top is the logo and the text "OperationsCommander". Below this are two input fields: "Username" and "Password". Each field has a small icon on the right side. Below the password field, there is a note "Passwords are case sensitive." and a blue hyperlink "Forgot your username or password?". A mouse cursor is pointing at this link. At the bottom left of the form is a blue "Login" button.

You will be prompted to enter your **valid email address**. This address must match the currently one that exists on the Admin user's Profile.

Once you have entered the email address click on **Send Reminder** to proceed.

The screen will refresh and you will get a message indicating an email has been sent with a reset password link included.

We have emailed your password reset link!
