

Setting Payment Types by User Type

Configuring Payment Types

The first step is to find the user type you wish to apply the permission to use a specific payment type to. This tool can be found In the Admin Options Menu. Hover over Users and select User Types from the drop down list.

Once the User Type Administration screen appears click edit on the user type for which you wish to configure a payment type.

User Type Administration				Create New User Type
User Type Group		Name	# of Users	# of Payment Types
	Edit	ADA User	1	0
	Edit	Contractor	8	0
Public	Edit	New User	1	9
Public	Edit	Public User	3	9
Public	Edit	Resident 1	3	9
Public	Edit	Resident 2	3	9
Staff	Edit	Company Executive	0	10
Staff	Edit	Company Staff	6	10
Staff	Edit	Full Time Staff	7	10
Staff	Edit	Part Time Staff	0	10
Staff	Edit	Physician	1	10
Student	Edit	Full Time Student	5	9
Student	Edit	Part Time Student	0	9

The screen will refresh with the following form for you to make your selections. (See the section on the bottom labeled Allowed Payment types.)

Payment types that are active for this specific user will list in the section labeled **Active Payment Types**.

Extended Payment Information

For each payment type selected there is extended information. You will see a general description of the payment type as well as an indication of what the user will be prompted for when selecting the payment type.

For example in a Hosted Payment scenario such as EdgeExpress the user will be prompted to enter an email address prior to being directed to the payment provider where they will enter their credit card information.

There are also three columns on the far right that will indicate by X or checkmark for specific uses of the payment type:

Column 1 - Indicates this payment type can be used for guest payments

Column 2 - Indicates this payment type can be used for permit and invoice renewal payments

Column 3 - Indicates this payment type can be used for Text2ParkMe subscriptions
