

Users - Distribution Admin Options

1. Under **Admin Options**, hover over **Distribution**, then click **Users**.

2. You will be redirected to the **Distribution User Admin** page.

Complete the required fields, (marked with a red *). Select the checkbox to allow the user to log in and manage Distribution Reports.

Select **YES** if this user can view **Private Details**, or select **NO** to not allow this function.

Once you are finished, click **Add New** to save.

The screenshot shows the 'Distribution User Admin' form. It is divided into two main sections: 'Distribution User Information' and 'Distribution User Permissions'. The 'Distribution User Information' section includes an 'Active' checkbox, a checkbox for 'Allow user to login and review Distribution Reports', and several required fields marked with a red asterisk: 'Distribution Department' (a dropdown menu), 'First Name', 'Last Name', 'Email Address', 'Username', and 'Password' (which has the text 'BLCHMO' and a password icon). Below these fields is a 'Comments/Notes' text area. The 'Distribution User Permissions' section includes a 'View Private Details' section with radio buttons for 'No' (selected) and 'Yes'. At the bottom right of this section is a blue 'Add New' button. Annotations with red boxes and arrows point to various parts of the form: one points to the required fields, another to the 'Allow user to login and review Distribution Reports' checkbox, a third to the 'Comments/Notes' area, a fourth to the 'View Private Details' radio buttons, and a fifth to the 'Add New' button.
