Editing Vehicle Makes

To edit vehicle makes click the **Edit** button next to the make you wish to make updates to. This will open a new modal window allowing you to change the existing name of that item.

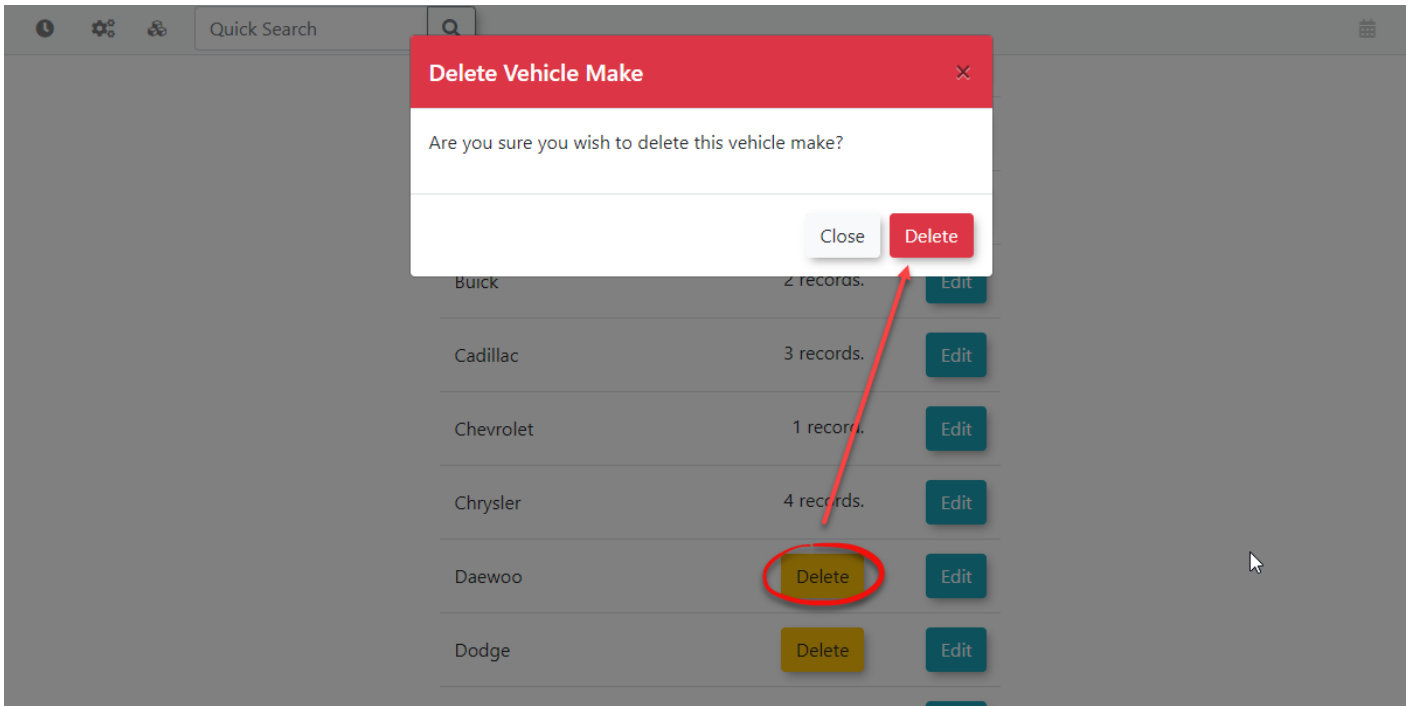

Deleting Vehicle Makes

To delete makes simply click the **Delete** button next to the make you wish to remove from the list. A modal window will appear asking you if you are sure you wish to delete this vehicle make.

Important

In order to delete a vehicle make it must not be used in the system. Admins will first need to make sure that no users are using this make before it can be removed. This is to prevent vehicles from having blank information by deleting these makes while they're in use.
