

# View System Task Logs

## Viewing the Logs

To view System Task Logs, go to '**Admin Options**' then click on '**View System Task Logs**'

You will be redirected to this page. This is where you can see the System Task Logs. There are two sections to the page which are recurring tasks and single tasks.

From this screen we can see stats on when the task has run and how long it took to run.

To view an output about a recurring task task, click on the '**Logs**' button to pop up a window that will will show details on the task.

For recurring tasks the pop up screen will list statistics on the multiple times the task was run.
