

Chalks Tab

Review Past Chalk Items

In the **Chalks** tab you are able to see a number of items.

- Chalks are listed from the most recent to the oldest.
- There is a map location that illustrates where the vehicle was chalked
- There is a date and time stamp for the chalk event
- There is a camera icon that can be tapped to display the image that was taken with the chalk event. See below.
- There is a comment displayed on two of the items. This comment is made at the time of chalking. See below.
- There is also a distance in meters reading that indicates the distance from the first chalk record to your present position.
