Locate Application Version

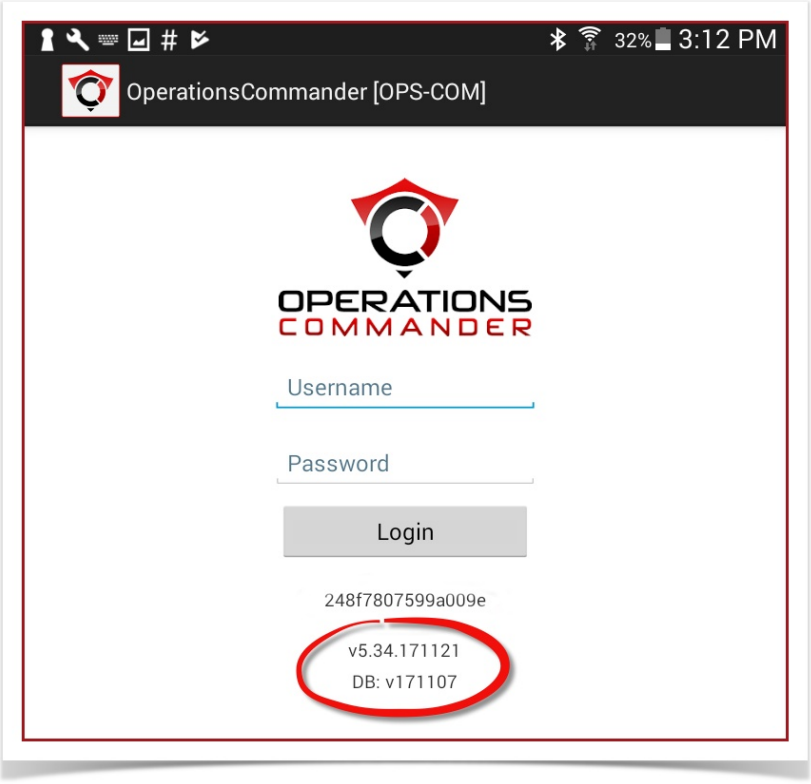
> The OPS-COM Parking Validation Enforcement App can be downloaded from the Apple Store or the Google Play Store.

If in doubt you can search for the OPS-COM Parking Validation app in the Google Play or Apple Store and when viewing the details of the application you will see the button that is typically labeled "Install" will instead show "Update". This indicates that the handheld is running an older version of the application which can be updated.

Locate the Version Details

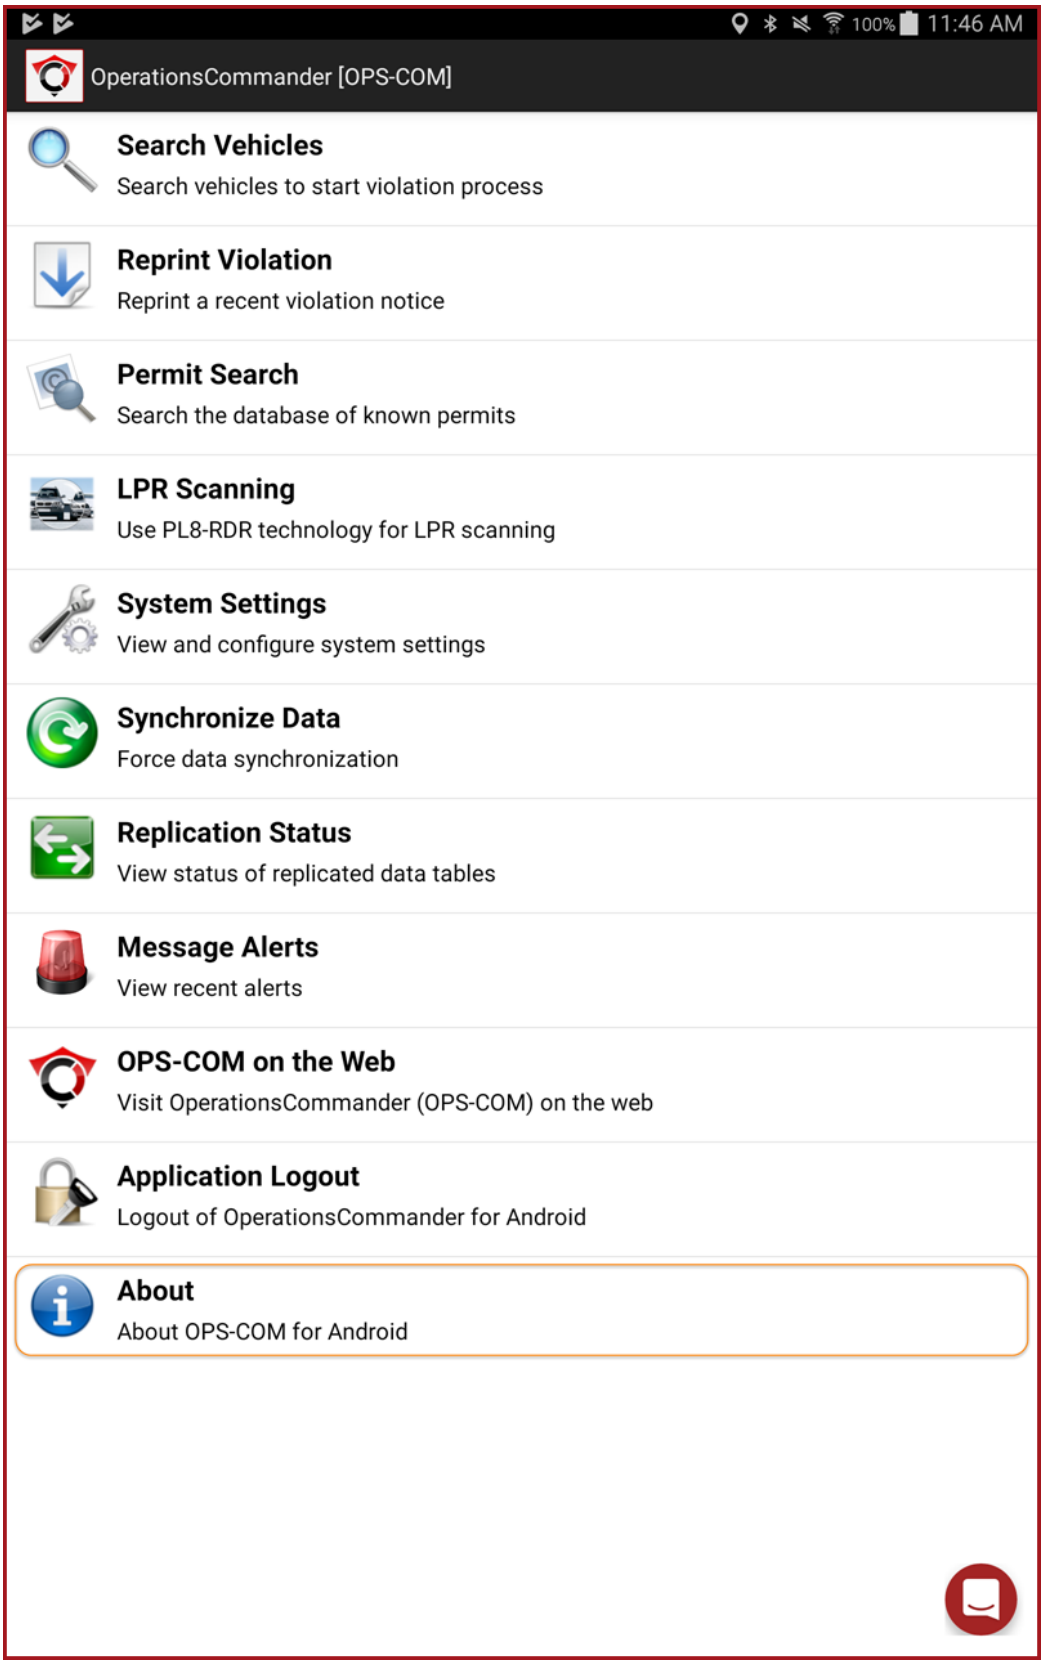
Login Screen

Under the login box the version details and handheld identifier are clearly listed.



About Screen

Select the About menu option.



A pop-up message will display a brief description of OPS-COM application including the version number.

Tap OK to go back to the main menu.
