# Using OPS-COM For Android in DEMO Mode

Demo Mode

The [OPS-COM for Android app](#) can be used in Demo mode without the need to register a device. Booting up the device after installation will bring you to a screen where you can choose to register the handheld unit or run in DEMO MODE.

DEMO Login

By tapping on **DEMO MODE** the user will be sent to the sign in screen where the **sign in credentials are already supplied**. The user will be able to sign in with these credentials and explore the app.

Simply tap on **LOGIN** to access the Main Index screen.
