

Flex Payments

Configuring a Lot For Flex Payments

To begin create a **Flex Payment Lot** and added 10 permits to it (FLX001...FLX010)

To do so first go to **Lot Administration** and select **Pricing & Lot Admin.**

Name the lot **Flex Payment Lot** or something you consider appropriate.
Set the cost at **\$0.00**

Set the **Usertype** to the users who will be using Flex Payments. In our example we are using **Full Time Staff**.

Note: the lot does not have to be set to visible to users as this functionality will only be used on the Admin Portal

Update this Lot

Adding Flex Permits to the Lot

Go to **Allocate** and add your ten permits.

Quick Search...

Add permits to lot: Flex Payment Lot

Specify the permits you wish to add to the lot.

Permits

Enter permits one per line.
Any characters are allowed.

Permit Range

Enter the numerical range to be created for permits. Prefix and postfix are available to add in letters or numbers before or after the permit number.

Prefix

FLX-

Start

001

End

010

Postfix

A confirmation page will be shown before actually creating the permits.
You can use both areas to create permits at the same time.

Optional items

When using ranges, postfix and Prefix are not required.

Required items

When using ranges, start and end numbers are required and must be integer values.

Permit numbers are only unique to the Lot. They can be reused for other lots. If you are wanting to move permits from one lot to another, you must also archive the permits in the original lot.

Permits will be created and set as

☒ Visible

Uncheck to have the permits be set as not visible upon creation.

Add Permits

Close

Testing Flex Payments

To test find a **Full Time Staff** user with a vehicle in our example we are using **John Doe**. Click on the **Parking** tab to begin the purchase process.
