

# Text2ParkMe - Usage

In **Parking Management**, hover over **Permit Management, Temporary Permits**, and click '**Text2ParkMe**' then '**Current Usage**'.

The screenshot shows the OperationsCommander web application interface. On the left, a sidebar menu is open under 'Parking Management'. The path to 'Current Usage' is highlighted: 'Temporary Permits' > 'Text2ParkMe' > 'Current Usage' (which is circled in red). The main content area displays the 'OperationsCommander' logo and a calendar for September 2019. A message at the bottom states: 'hawk.ca xre calendars could not be shown here because you do not have the permission to view them.'

This will take you to the **Text2ParkMe - Usage** page where you can enter information to get the usage report that you want to view.
