Permits Tab

Vehicle Permit Details

1. This displays the expiry date of the permit
2. You also have the ability to set custom expiry dates such as permit 52 which has a custom expiry of Sep-01-2018.
3. The green and red bars represent whether the vehicle is valid in specific zones or not. If the users is associated to a zone it will display which zone they are in. For example we can see permit 52 is associated to the Day Care zone from 4:00 pm to midnight. While permit R102 is valid all week from 10:00 am to midnight for zones Centrum and Test Zone.
4. This section shows which days of the which the permit is valid as well as the times that it can park on those particular days.
