

The LPR Kit Unboxing

If you have purchased a complete kit for Mobile LPR, you will find the following equipment in the box. You will also receive a detailed packing list with your shipment. Please unpack it carefully and ensure you have everything.

- 1x Android tablet; sent in factory box; charger will be in the box.
- 1x Bluetooth printer sent in the factory box, this typically includes a charger and 1 roll of blank paper
- 1x Survision Picopak LPR camera
- 1x Installer pack with all connectors and power cables. This includes a DC 12 V car adapter and a cable splitter
- 1x PL8RDR computer; sent in factory box. This typically includes:
 - Power adapter (AC to DC 12 V; 5.5 mm x 2.5 mm barrel connector male end)
 - 2x Wi-Fi antennas
 - 2x 4G LTE antennas (T-bar)
 - Mounting equipment
- 1x SIM card; inserted into the PL8RDR
