

# Registering as a User

New to OPS-COM? Let's get you set up! To unlock all the cool features like buying parking and managing your stuff, you'll need to register. Here's how:

## Quick Steps:

1. Click 'Register' to start.
2. Fill in the profile form.
3. 'Create Account' to hop in.
4. Add the rest of your info.
5. 'Save Changes' to lock it in.
6. Check your email for activation.
7. 'Create Password' and make it yours.
8. 'Confirm' to save it.

**Just so you know:** You'll need to finish your profile before exploring.

## Detailed Instructions:

1. Click the 'Register' link and complete the 'Profile Registration Form'.
2. Click the 'Create Account' button to submit your details. You will be logged in automatically to complete the rest of your profile.
3. You will be directed to your user profile page. Here, you will provide any additional information requested.
4. Click 'Save Changes'. You will remain logged in, so you can access your account.
5. Check your email and locate the confirmation email. Follow the instructions to activate your account.
6. Create your password by clicking the 'Create Password' link.
7. After entering the new password, click 'Confirm' to save it in the system.

If you try to do anything else before completing your profile, you will be redirected back to the Profile page to finish your registration.
