

Payroll Deduction Settings

Enable / Disable paying a Violation / Permit using Payroll Deduction.

First go to System Configuration  then select the Payments option

You will now see the options

"Disable Payroll Deduction for Violations" & "Disable Payroll Deduction for Temp Permits", you can use the check boxes on these options to toggle on / off the ability for users to use "Payroll Deduction" for paying Violations and/or Permits when they check out.

Manage System Settings

Editing Settings: Payments **15**

These settings are used to control the Payments Module.
