If users have not already set a primary credit card, they will need to Register a Credit Card and ensure that the Text2ParkMe subscription is setup.

If users have not already registered their vehicle(s), they will need to Register the Vehicle(s) first. Users only need to update their profile and vehicles once before the initial use of **Text2ParkMe**.

Using Text2ParkMe

Support for STOP, BLOCK, and CANCEL (SMS STOP filtering)

Operations Commander will handle the following English language text messages in accordance with industry standards:

- **STOP, STOPALL, UNSUBSCRIBE, CANCEL, END** and **QUIT** – will stop customers from receiving messages.
- **START, YES** and **UNSTOP** – will opt customers back in to the messages coming from your Text2ParkMe phone number.
- **HELP** and **INFO** – will return a message informing the customer that they can use the above commands to control the delivery of messages.

Using your registered cell phone, text **ParkMe** to the **Text2ParkMe** telephone number provided by your organization.
